Restyling A12
NEW

A12
184TC motor
OLD

ADVANTAGES

The new K2-K4-K5 variator is a restyling of type A2-A4-A8-A10-A12. All the fixing dimensions are unchanged, only few secondary measures change.

The new model has the same performance of previous one, but with some other functional advantages for which you can see next table.

	New K5	Old A12
Input Rotation		
Mounting position	UNIVERSALE	TO BE SPECIFIED
Output Torque	ADJUSTABLE	NOT AVAILABLE
